When all had been presented, the Vice-Chancellor delivered the following address :—

AT no previous period of human history has the student of world-conditions been confronted by such a complexity of problems as now. We do not forget the mighty movements, the innumerable crises in the lives of great peoples and governments that crowd the records of the past; but it may fairly be claimed that few, if any, of them ever equalled in point of influence upon all the peoples of the world in one particular period, that great movement of unrest that is manifesting itself, in some form or other, in every country of the globe to-day. It may be described as a mysterious, pervasive force, which is becoming more and more conscious of itself; and as its interest in the public welfare and even in international facts and correlations grows more keen, it is rapidly becoming an element that must be taken into account in every estimate of the forces that make for righteousness on the one hand, or unrighteousness on the other. Do we seek illustrations of this spirit? We turn to the far West, to Europe and America, where we have but to note conspicuous departures from the past, in hand to hand struggles between Capital and Labour, in the determination that privileges hitherto denied to Woman shall be accorded, in the growing conviction that arbitration should take the place of war, and in the more general acceptance of the doctrine that opportunity is the birthright of every man. We glance at the Ottoman Empire and the still unrestful States who lately made common cause against her; and in all we discern evidences of that spirit which dissatisfied with the past and the present, aims, with movements, howsoever vague, at the rejuvenization of great peoples. In South Africa, Western America, Canada and Australia problems connected with the migration of peoples from land to land are pressing for solution. Delicate and difficult as these problems are, they will be solved, and that rightly, for do they not bear a close relation to the great modern world-movement that tends with mighty onward impulse towards the realization, howsoever remote, of the vision which came long years ago to England's greatest modern singer, wherein there appeared to him an era—

"When the war-drum throbbed no longer, and the battle-flags were furl'd,

In the Parliament of man, the federation of the world."

More striking, perhaps, and significant than any other is the picture of China, whose long dormant millions have been touched by the modern spirit and have suddenly stepped forth to the task of working out their own ideal in their own way. In India there are signs on every hand of the growth of intelligent interest in the progress of things, a spirit of helpfulness and self-help, a keenness of appreciation of the rights of the individual and a recognition of the unique character of the opportunity for the exercise of the purest patriotism afforded by the presence here of a paramount authority that guarantees to the country the protection and guidance that are essential to her highest interests. In no sphere of this country's life has there been more rapid development and advance in recent years, than in that of the education of the young. Schools and Colleges have been multiplied; wide extension has been given to Primary Education, and a much larger development in this direction is desired and anticipated. New Universities are being established and new efficiency is being given to those of greater age. The youth of the land have not been slow to avail themselves of the privilege of a liberal education. Witness the enormous increase in the number of pupils in the schools and of graduate and under-graduate students in the Colleges.

The legitimate work of a University is, I take it, roughly reducible to three heads. There is first the function of research; second the training of the higher order of minds that there may be provided such men as possess full equipment for the great thinking and wise leadership of the generations of men, and last, but by no means less in importance than the others, is the training of the great mass of students,—the Pass-men, those who strive for a degree as a stamp of education, or as a means of earning their bread. In the line of research we may assume that the amount of such work a College or University will do, will bear a very direct relation to its supply of funds. If money be available, the University may be counted upon to develop post-graduate and research work with a fair degree of promptness, seeing that the demand for it is so general and so rapidly rising. It is obviously the crown and coping-stone of the University curriculum, a stimulus and inspiration for both those who teach and those who learn; and yet, if it is to be of the highest value, free from sham and artificiality, there must not only be an abundance of funds, enthusiastic and competent guides, but also the most careful selection of men for the enjoyment of these privileges. A distinguished scholar of the West has suggested the following as his ideal of what the research student should be: "Only those who show capacity and desire for high intellectual effort should be encouraged to enter. It is no place for either shallow dabbling, narrow intensity or dull mediocrity . , . . The research student should be rich in intellectual and moral worth, responsive to scholarly impulses, eager to seek and find, able to perceive and use the more valuable as distinguished from the less valuable material of knowledge, ... open-eyed to ideas in their relevancy, worth and beauty, pulsing with energy and inventiveness,—those bestfitted to live, not for themselves alone, nor by themselves alone, but first in the household of knowledge, and then in the larger society of the world."

It is unquestionably an important part of the duty of a University to aim at the discovery and recognition of the higher intelligences, men who are capable by virtue of native endowment of such accomplishment as must remain for ever impossible to the average student. Such recognition can in no other way be afforded so practically and effectively as by the opening up to them of avenues and furnishing with appliances and competent guidance for post-graduate and research work. This inspiration is a fundamental factor in all true education. It gives us our passion for acquiring knowledge, our stimulus to clear and foaceful thinking, and the power of fruitage and accomplishment in the world's great work. A University should grow stronger and richer year by year in the number and potency of her sources of intellectual and moral influence. Men furnished with such training are a great need of the day. The importance of making vastly more adequate provision for them than has yet been found possible in this, or any other Indian University, can scarcely be over-estimated.

And yet there could be no greater error than that of imagining this to be the paramount function of a University. Important and indispensable though it is, I venture to believe that it deserves only a secondary place, as related to the matter of providing what is best in the way of education for the great mass of students, who have little or nothing in common with those who find it easy and delightful to follow the great masters into the higher realms of intellectual attainment.

It is the average student, the rank and file of the lecture-hall, who, after all, forms the most important part of the constituency of every organised centre of learning. It is he who by virtue of his numbers and his needs makes the largest demand upon the care and thought of his teachers. Their task is that of infusing character, energy, patriotism and a spirit of unselfish devotion to the welfare of others; and the accomplishment of this depends upon the tone and atmosphere which they are able to create and foster in the institutions where the men for whom they labour assemble for purposes of study.

We have observed that we live in a time when, as never before, wide movements of thought are a the minds of the masses of men in every quarter of the globe. In India as elsewhere, the number of th claim the privilege and right of sharing in the constructive thinking of the time has greatly increased. a circumstance which the Universiiy should not only not ignore, but should take into serious and defi ccunt in all her activities. It is to the University that the country must largely look for a supply of men on its work. If this be true, no theme could be more pertinent to an occasion like the present one, th suggested by some such inquiry as this: amidst the crush and competition, the adjustments between the the old, the clash of widely divergent ideals, and face to face with the transcendently splendid possibilit all would fain see realized in a land and amidst a people like this. What type of man is that which needed? What must be the character of the product of our Universities, if they are to discharge the f which, under Providence, they were meant to discharge?

Obvious and even superfluous as the remark may appear, I venture to suggest as one great den the times that the product of our Universities should be men of *education*. It is usually assumed, and ri that in general, the successful candidate for a degree deserves to be thus styled; but is it not unquest that, at every stage of the student's course of study, much that is of little or no truly educative value the place which should be occupied by a more rational and beneficent intellectual discipline? Under vailing system of examinations, some features of which one finds it impossible to contemplate with satis or to discuss with much patience, it is not surprising that the student approaches the testing time obsess the idea that unless his memory be filled with a prodigious store of isolated facts, there is but faint satisfying an examiner. As a consequence his mental processes tend to become mechanical, and no more counsel could be given to many a successful candidate for a degree than that he proceed to forget, as qu may be possible, a very considerable portion of what he has accumulated through the incessant and stupefying toil of many months. Laborious days and nights, too, the man who wins may never hope to but if this labour is to earn a recompense of solid and permanent value, it must need be performed up more in accord with the fundamental laws of mental growth and development than these. If the stud fall short of what he might have become and might have achieved, if he come forth a machine rather man, it were idle and unjust to apportion to him the chief blame. The School, the College and the Un must bear the larger share. He is largely what we have made him. He has not been given the oppo of knowing that a mere body of information as to the facts of certain given subjects, does not alone co an education; but that along with this, and never subordinate to it, a grasp of the underlying principle subject as well as of the methods by which knowledge of it can be advanced, is indispensable.

It should be, and I believe it is, the aim of the University to send forth men whose wits hav sharpened by contact with those of their fellows, as well as by the reading of their texts. If they are to fully grapple with the problems of life and to deal wisely and effectively with men, it is imperative that cal knowledge be combined with breadth of mind and humanization of character. There is need, for e of men who are great mathematicians; but we want them to remember that the practical work of the w only be well done by those who keep in close touch with human nature. Similarly the great facts a ciples of Law and Science and Philosophy afford spheres of training for the mind, each having characteristic value; this value in every case depending largely upon the degree in which it stimula imagination, extends the field of thought, and aids us in forming well-reasoned plans of life to be live our fellow-men.

The mind that has been disciplined to measure facts, to compare, contrast and assign to each i the one that is not merely instructed, but educated, is the type of mind that gives promise of things worth while. Breadth of view, intellectual integrity, an invincible determination to ascertain what and to use it as a working basis for all of life's activities, we are surely not mistaken in believing that such as these should be discernible in men who have had the advantage of a course of study in a Un Towards the accomplishment of such a result many means and methods have been suggested and are e with varying degrees of success. Not even the briefest possible mention, much less a description of will be attempted here; but without thought of disparagement of any other, I shall venture to speak and by way of illustration, of what may be styled the use and method of the Library. Good Librari to our students, are few. An inventory of the equipment of the Colleges in this particular would und lay bare the source of much ineffectiveness. And yet very considerable advance has recently been rec committees of inspection, and assurance has been given of still greater things to follow the faithful re given. The University itself has made a most substantial beginning in the way of books, buildings and appliances, and extensive plans for large development are in progress. Time was when certain under-g were known to confess, unabashed, that they had never read anything but that which was prescribed poses of examination. If any such remain to this day, we may assume that their number is small, they are wholly without excuse.

While felicitating ourselves upon the improvement of our libraries, we would not lose sight of that the provision of even the most abundant supply of wisely-selected books is, by no means, all th quired. Skill in using a library is not an instinctive acquirement. The youth requires to be stimul inspired to make use of it, through being initiated by his teacher into the profit and the charm whic to the intelligent and systematic search for the treasures that lie hidden there. It is the business of th to guide the student, in the confidence that he will soon begin to walk alone and reap a rich harve amongst the volumes treating of his special subject of study, or those furnishing him with the mat general reading. This work of guidance is not easy: the teacher must put the very best of himse his labour into it, if he would see those results in the line of accurate scholarship and general cultu which we insist as essential features of the genuinely educated man or woman. More of wisely directe reading, general discussion, study of the lives of men and nations as they are found recorded in good, s workman-like histories and biographies, these are means largely available and of incalculable value our effort to impart the soundest and most practical training to our undergraduates, they are the very la we can wisely or safely neglect.

Of those who have received the diploma of this University to-day, we may assume that some are by and by to become leaders of thought and action in your Province, or, indeed, possibly in the wider your country. Emphasis has been laid upon the need that exists everywhere, in these days, for leaders fitted for their mighty responsibilities by a type of education which includes not only the accumula store of knowledge, but also the broad ...

But in the process of our inquiry as to the sort of men our times demand, and which it obviously should be the aim of an educational system to furnish, we are met by a consideration of still greater importance than that which has just occupied our attention. The great call of the day, with its changing conditions, its intense life and its unsolved problems is for men of *principle*. Great brain power is a splendid endowment for any man; but when in its operation it moves, dissociated from moral principle, it may prove a deadly danger to its possessor and to all who come under the sway of its influence. The more brilliant his intellectual capacity and achievement the greater the menace to a community of a man who is indifferent to the essential distinction between good and evil. There is a growing spirit of materialism discernible in modern life everywhere. I do not speak of that materialism which is recognized as a scientific system or a philosophy of life, but of that practical materialism in daily life which looks for immediate results and financial gain, which knows "the price of everything and the value of nothing," unless it can be put in terms of money. The dominance of this spirit in the individual or the community, brings in, as its inevitable consequence, more or less of justification of the cynic's claim, that every man has his price. It is the province of the School, the College and the University to wage war against this and similar tendencies; indeed to bar the way against their growth, by a resolute and constant effort to make manifest the greater beauty and power and privilege of a life lived under the abiding sense of moral obligation. If such effort meet wtih a fair degree of success, we may justly claim for the machinery of education the credit of fulfilling a legitimate function, while at the same time there is furnished, to the inestimable advantage of the people at large, a supply of men to whom we may with confidence look for that wise and righteous leadership of the masses, which is essential to the genuine progress and highest welfare of every country. Personal character, clean, strong, definite and true, is a quality the absence of which in an individual to whom is assigned a position of leadership, or who arrogates to himself such position, no community can afford to excuse.

A public sentiment that stands unequivocally for the things that are just and true and noble and that sternly repudiates as unworthy all departure from these, is an asset of inestimable value to a community. As an agency for the creation and dissemination of such a sentiment where may we so reasonably, and withal with so much of hopefulness, look, as to the graduates of the University? We unhesitatingly claim the right to demand of them that their united influence be such as will result in the establishment and maintenance of some definite standard of integrity. It is for them to refuse to follow blindly in the wake of such leaders as have not earned the right to act as guides, by proving themselves to be the possessors of a keen sense of honour, a contempt for the false and mean and unmanly and an unselfish readiness to serve. Let them set the example of measuring men, not by their social position or their wealth, or even by their desire for prominence, but rather by the application of some such tests as these: Are they known as clean in life? Are they honest in their business transactions? Do they always speak that which is true, even when temptations to falsehood are strongest?

I shall not pause here to elaborate those fundamental reasons for laying emphasis upon personal character the weight of which is in greater or less degree recognized by us all; but pass to mention certain other considerations which though of minor importance, are not unworthy of our serious thought.

The rapid growth of commercial activity is a prominent feature of our times. The Schools and Colleges of the country are responsible for the task of training men, and women too, for the avocations of trade as well as for what are termed the learned professions, or for service in the departments of Government. We may not, and I take it, most of us do not, set a high value upon honesty only because it is the best policy; yet we are not thereby precluded from recognizing the expediency, utility and necessity of high moral principle throughout the entire domain of trade and commerce. Mutual confidence, reliance upon the word of our neighbour and the assurance that our word to him is as good as our bond, are indispensable to the highest commercial prosperity. We are told, and I accept the statement as true, that there has been noticeable improvement in the general character and efficiency of the public service in this Province, due to the introduction of a larger proportion of men of superior educational attainments. That occasional exceptions are, at times, to be discerned is not at all surprising; but that when they occur, the public experiences a sense of shock and raises its voice in protest, is a welcome sign, revealing as it obviously does, not only that the product of the Schools are themselves recognizing their peculiar obligations, but also that the people have set up for them a standard of integrity and have a mind to insist that it be observed.

The days through which we are passing furnish an unsurpassed opportunity for the practical and beneficent exercise of the altruistic spirit. In this, as elsewhere, the presumption is in favour of the greatest breadth of interest and efficiency being found among those who have been prepared for it by a liberal education. The country is demanding of the University man to-day that he shew himself not merely efficient in doing the duty that comes to him, but that he shew himself resourceful. He must be inventive in discovering duty as well as in performing it. He must be able to go forth into the very heart of life and shew others what must and what ought to be done. There is a tremendous demand everywhere for men who have attained to that moral excellence, which consists in looking, as a habit and principle of life, not exclusively upon their own things, but in liberal measure upon the things of others. The spirit of service, grief at sight of suffering, and the impulse to afford relief rarely lack an ample field for exercise.

Your country and your people, whom you love, stand ready to test the genuineness of your professions and the practical value of your training. Illiteracy, intemperance, customs which still cripple the lives of multitudes, though you yourselves may long since have abandoned them, provide you with a sphere for your best effort which is practically unlimited. It is possible that your ambition is centered upon things that seem to you vastly higher and more worthy of your energies than these humble services. Wealth and social position possibly figure very largely in your anticipations. Were you to assert that it is not so, you would lay yourselves open to the charge of insincerity and priggishness, or lay claim to the distinction of being individuals of a wholly abnormal type; for, after all, you are young men with the fresh blood of vigorous youth in your veins, and the world lies very beautiful and broad before you.

But pending your arrival at the heights to which you now aspire, and indeed all along the pathway of life, whether it leads eventually to what men call greatness, or keep you confined to the humblest places, there lies before you a sphere of the supremest interest and the richest promise. Unselfish, patriotic service performed for the welfare of those whose opportunities and privileges have been fewer than yours; work persistently done, free from the blight of self-advertisement, and rendered effective by the tact and skill of which your training has made you masters, it is upon this that your equipment and your environment as well, summon you to enter.

Gentlemen, we have seen that the call of the day is for those who are trained to think clearly and broadly; men of principle who scorn that which is mean and false, and stand firmly for what is honorable and true, whatever be the cost; and the aggregate of whose influence operates as a mighty force to elevate the entire moral level of community or province or country. In so far as you can justly claim a place among these, the course of study you have now completed has already been crowned with success, and the lives that lie before you are exceedingly rich in their possibilities for others and for yourselves.

1. In the absence of the Dean, the Hon'ble Mr. Shah Din was voted to the chair.

2. The Faculty first considered the recommendations of the Board of Studies in English, regarding the courses of reading for the Examinations of 1916, as framed at their meeting held on Tuesday, the 4th November, 1913 (*vide* Appendix A.)—

(*a*) *Matriculation Course.*—The recommendations of the Board were adopted.

(*b*) *Intermediate Course.*—There was some discussion regarding the prop the Board to increase the amount of poetry to be read, and reduce th but a motion to omit the volume of Browning in the select classics series was negatived, and the original recommendations Board were eventually adopted.

(*c*) *B. A. and B. Sc. Courses* (*Pass*)—These were approved.

(*d*) *B. A.* (*Honours*) *and M. A. Courses*—Were approved.

The Faculty resolved that the Board be requested to define more exactly intended to be understood by the words " for subject-matter only " in the certain prose books recommended.

3. The Faculty next considered the proposal of the Board to amend t sentence of paragraph 7 of the Regulations governing the examination for the de Bachelor of Arts (Calendar, page 157) by omitting the words " in English," the sent read— " In Physics and Chemistry this percentage shall be required in both the written examinations." After a statement by Mr. Wathen explaining the motive Board in making the recommendation, the alteration as suggested was approved.

On the motion of Mr. Hemmy the Faculty recorded its approval of a amendment by the substitution of the word " practical " for " oral " in th sentence.

4. After some discussion the Faculty endorsed the further recommendatio Board to delete the word " Reading " after " Oral Examination," in Appe Calendar, page 159), and to expunge the footnote on the same page.

5. The proposal of the Board to modify the instructions regarding (*e*) in English at B. A. (Calendar, top of page 160) was next considered. pointed out by Mr. Fazl-i-Husain that no examination had yet been held under t regulation, and he urged that the proposed change was, therefore, unwarranted. The opinion, however, appeared to be that the form of the regulation as at present did not convey the meaning and intention of the Board and Faculty, and the fo form, proposed by Mr. Martin, was eventually adopted :—

> " (*e*) Unseen passages, from modern books and magazines, with q calculated to test the candidate's ability to grasp and express th ing fo what he reads, and his knowledge of English idiom." marks to be allotted to an essay, and 20 to the remainder paper.

As the regulation, as amended, cannot come into force until 1916, it was re recommend that a footnote be inserted in the Calendar as a guide for the examin 1915. Mr. Langhorne expressed the opinion that, in order to avoid misunderstan confusion, this footnote should not be published until after the examination of 19

6. The Faculty drew the attention of the office to the words " Two written (Calendar, bottom of page 159), which should read " Three written papers ".

7. A long discussion took place on the proposal of the Board to reallot th for English in the Intermediate Examination (Calendar, pages 151 and 187). In of the proposal to allot an equal number of marks to questions on prose and p was pointed out that the Faculty had already approved the recommendations Board regarding courses, for the Intermediate Examination, which entertained an in the amount of poetry to be read, and a corresponding reduction in the an prose. But there was a strong feeling in the Faculty that emphasis at the Inte stage was required on composition, and practical ability to use the English l The proposals were, therefore, referred back to the Board for their consideratio whether more importance should not be attached in allotting marks to question prose books read and to composition. The attention of the Board was also d the fact that a redistribution of marks and papers on the lines suggested would n a revision of the papers for candidates offering English as a vernacular.

The Faculty further decided that the present distribution of marks be re the examination of 1916.

8. The recommendations of the Board of Studies in History and Geogra on Monday, the 13th October, 1913, were next considered. *Vide* Appendix B:-

(*a*) The recommendation regarding the Matriculation Examination (a to be added to the list of those suggested) was adopted.

(*b*) With reference to Indian History in the Intermediate Examina Hindu Period) it was resolved to ask the Board to prescribe a or to indicate the scope of reading required by a syllab remainder of the recommendations for the Intermediate Exami 1916 were accepted.

(c) In the proposed courses for B. A. exception was taken to the proposed special period of Indian History, but an alternative proposal was negatived, and the Board's recommendations as a whole were accepted.

(d) The recommendations for B. A. Honours were referred back to the Board for reconsideration on the motion of Dr. S. K. Datta.

(e) The Courses recommended for the M. A. Examination were accepted with the exception of the special period of Indian History, which was referred back to the Board for reconsideration as to the desirability of substituting a period earlier than 1707 to 1757.

There being no time for the consideration of the remainder of the business on the agenda, the meeting was adjourned.

Coufirned,

2. The recommendations of the Board of Studies concerning changes in the M. Sc. Syllabus in Botany and Zoology were agreed to (*vide* Appendix H). Since such a change involves altering the Regulators (*cf.* pp. 202, para. 5) and as alteration may take two years, the Faculty recommend that it should be optional to candidates taking the examination in 1915, to offer 'a study of a special portion of the subject' in lieu of Paper V.

3. The Faculty proposes the deletion of the paragraph commencing "For the Practical Examination............(Camb. Univ. Press)" and the addition of 'Strassburger and Hillhouse' and 'Bower and Vine' to the general list. The other recommendations of the Board concerning books were adopted.

4. The Faculty accepted the Board's recommendations in Physiology.

5. In Intermediate Zoology the Faculty recommends the deletion of the following books from the list :—

1. Lloyd Morgan's Animal Biology.
2. Ainsworth Davis' Text-Book.
3. Parker's Zootomy.
4. Howes' Atlas.
5. Beddard's Practical Elementary Zoology.

9. The recommendation respecting B. A. and B. Sc. Honour Chemistry was accepted.

10. In the recommendation affecting M. Sc. Chemsitry the paragraph should read—'A knowledge of the History of Chemistry sufficient for understanding the *progress* and development of the subject is expected.'

11. The Faculty recommends for the consideration of the Board the institution of alterations in the M. Sc. Syllabus in Chemistry similar to those proposed in Botany and Zoology.

12. The Faculty again draws the attention of the Syndicate to the recommendation 3 of the proceedings of the Board of Studies in Geology and Agriculture (*vide* Appendix J).

13. The remaining recommendations of the Board were accepted.

14. The Faculty proposes the omission of 'Lyster's First Stage Hygiene' and the addition of Bedford's Elementary Hygiene, or Blackham's 'Primer of Tropical Hygiene' in the course for the Matriculation Examination.

2. Read letters objecting to certain passages in the Hitopadesha as obscene. It was agreed that teachers should be instructed to omit obscene passages, and examiners not to set them. The question of drawing up a University Course in Sanskrit was deferred for further consideration.

3. The following changes were suggested for the Courses of Reading for 1916 in Sanskrit and Hindi :—

SANSKRIT.

Matriculation.

Hitopadesha (omitting certain passages). (The Board suggests that the University, or some publisher, should bring out a text omitting passages objected to as obscene. Such an edition might comprise some notes in Hindi).

HINDI.

Arts Faculty.—No change.

Oriental Faculty.—Postponed.

4. It was agreed to refer to the Oriental Faculty the general questio desirability of requiring a candidate to pass in the High Proficiency standard admission to the Honours examination.

5. Pandit Shiva Datta proposed to make certain chapters of Lilāvati (or matics) compulsory for all Proficiency candidates—25 marks being given to this, to the elective subject Nyaya, etc.

The Board was of the opinion that this involved a radical change in the idea of the examination. If the Prājna was to be regarded as a sort of Entrance E tion to the Titles Courses, it would be necessary to consider the question of mak examination compulsory before taking Visharada, and of recasting the course.

It was agreed to suggest to the Oriental Faculty the desirability of revi whole system of the Titles Courses in view of present needs.

APPENDIX II.

Proceedings at a Meeting of the Board of Accounts held in the S Hall, Lahore, on Wednesday, the 10th December, 1913, at 5-30 p.

Present:

Revd. J. C. R. Ewing, M.A., D.D., LL.D., Vice-Chancellor (*in the Chai*

The Hon'ble Mr. J. C. Godley, M.A.

The Hon'ble Mr. Shadi Lal, R. B., M.A., B.C.L., *Bar.-at-Law.*

The Hon'ble Mr. Justice A. Kensington, I. C. S.

A. C. Woolner, Esquire, M.A., Registrar, *Secretary.*

With reference to the Auditor's report referred back by the Senate for a re the Board of Accounts the Registrar laid before the Board a statement showing Auditor's report in question the date of the report, the date of its receipt in office, of its being printed and the date of its being laid before the Syndicate. The p delay was found to have been in the printing of the reports for the half year endi tember, 1911, and for the quarter ending June, 1911. This was explained as being prolonged discussion with the Auditor of changes in practice recommended b These discussions had been at times postponed on account of the press of examinat other work. It was noted that while all these reports had been circulated to the m of the Board of Accounts, none of them had been considered by the Board as such. however, had been the case with all reports of the University Auditor for more t years.

2. The Board resolved to recommend to the Syndicate that for the fut Auditor should submit a report half-yearly under regulation 18 and chapter 15. C year should end with March 31st, the other with September 30th. These reports ordinarily be ready by June 1st and December 1st, respectively, and should be laid the Board of Accounts in time for submission to the subsequent meeting of the Sen

It was agreed at the same time on the suggestion of the Registrar that the audit should be taken up each month on the accounts of the previous month, and t Registrar should be furnished with a memorandum by the Auditor of all matters to he made objection. In this way some small matters of adjustment could easily be e without delay.

3. It was agreed that whereas the financial rules had not been revised for a co able period and had in some respects become impracticable, they should be now and that at the same time every effort should be made to bring practice into line w regulations. A sub-committee consisting of the Hon'ble Mr. Shadi Lal and the Re was appointed to suggest the necessary changes and submit a draft of revised regu

4. The Board of Accounts then proceeded to examine the Auditor's reports r back by the Senate and also the report for the quarter ending March, 1913, and quarter ending June, 1913. A detailed statement has been submitted giving expla of points objected to by the Auditor with a note as to which suggestions have been a and of the adjustments that have been made.

February 6th, 1912.—Section 4. In the opinion of the Board the system pr by the Auditor was unnecessarily cumbrous.

Section 5. The Syndicate had previously ruled that ...
might be accepted and the B...

Section 6 (1). It was usual to charge temporary establishment to the head of "Conducting Examinations": it would be better to provide a sub-head in the budget for this purpose.

Section 6 (8). This was urgent and had been sanctioned by the Vice-Chancellor.

Section 7. It was noted that scholarships in the Oriental College are given on the results of examinations and that stipends are controlled by the Principal who is also Registrar.

5. With regard to the objection in this report, section 6 (3), together with the similar objection, section 5 (8), in the next report, it was noted that this expenditure related to an emergency and had been sanctioned by the Vice-Chancellor during the vacation in anticipation of the sanction of the Syndicate. It had been subsequently sanctioned by the Syndicate and included by the Senate as a regular sub-head of the budget for following years.

6. *April 10th*, 1912.—Section 5 (2). The Syndicate's ruling had been obtained on this point.

Section 5 (7). This objection had been frequently ruled out by the Syndicate. In many cases the existing practice saved time both in the office and for the payee.

Section 8 (*c*) (*ii*). Salaries should include allowances. The rules of the Panjab Hill Allowance Code had not been adopted: it appeared that their adoption would increase the expenditure.

Section 12. The suggestion that bonus to office establishment should be shown as a sub-head under "Examinations" in the budget was approved.

Section 13. There was no debit balance at the bank as one cheque was not issued.

Section 15. It was noted that the Syndicate had now ruled that no advance should be made to a depositor before he had retired. In this case the depositor had been given furlough preparatory to retirement and wished to go to Mecca.

July 28th, 1912.—With regard to life certificates it was noted that the payment of leave allowances was secured from the Provident Fund.

Section 8. With regard to this and several other objections of the same type the Board was of the opinion that members of inspecting committees and Fellows of the University should not necessarily be required to travel by the shorter route.

Section III (2). In the Provident Fund account the real balance included over Rs. 70,000 in G. P. Notes.

Section III (5). This matter was referred to the sub-committee for the revision of regulations.

October 23rd, 1912.—Section 5. Part of this grant is available for the purposes of general administration. The expenditure for Colleges' Inspection and Fellows' Travelling Allowance is classified in the ledger.

Section 9. In so small an office the suggestion seemed unnecessary.

March 30th, 1913.—Section 4 (2). It was noted that the rates were estimated by the Principal of the Colleges concerned.

7. With regard to all the minor items not specially mentioned in these proceedings it was resolved to record that the explanations given were in the opinion of the Board satisfactory.

8. Read the Auditor's report of June 26th, 1913, referring to the quarter ending 31st March, 1913, enclosing abstracts of the various accounts for the year 1912-13.

Objections.—Section 3 (Current Account). This suggestion has been adopted. It was hardly relevant to an audit.

Section 8. This expenditure, as explained, refers to special arrangements made for University lectures before the installation of electric light.

Section 9. In this case the larger amount is considered reasonable.
Section 10. This suggestion has been adopted.
Section 11 (5). (Oriental College). The suggestion has been adopted.

With these remarks this report is submitted for the approval of the Syndicate.

Section 2. The minus balance has now been adjusted by the sale of G. P. N
in this account.

Objections. Section (1). Resolved that a copy of this be forwarded to Mr. C
for the supply of the details required.

With these remarks this report is passed by the Board for submission to the Se
together with the report for the quarter ending 30th September, 1913, when thi
been received and considered by the Board of Accounts.

Confirmed.

J. C. R. EWING, *Chairman.* A. C. WOOLNER, *Secretary.*

Dated the 6th February, 1912.

From—B. N. SEN, Esquire, Auditor, Panjab University, Lahore,

To—The Registrar, Panjab University, Lahore.

I HAVE the honour the submit the following report on the audit of the accoun
the Panjab University for the half year ending 30th September, 1911.

The following accounts came under my audit :—

I.—The Current Account.
II.—The Oriental College Account.
III.—The Law College Account.
IV.—The Provident Fund Account.
V.—The Special Endowed Trusts Account.
VI.—The General Endowment Fund Account.
VII.—The Unendowed Special Subscriptions and Donations Account.

THE CASH-BOOKS.

2. I have examined the cash-books maintained for these accounts and also
pass-books of the Floating Accounts with the Bank of Bengal, Lahore. The cash-b
are fairly neat and tidy, but the monthly accounts were not regularly passed by the R
trar, nor the instructions in paragraph 23 of the Financial Rules complied with in all c
I have verified the cash balances shown in the cash-books with those shown in the Ba
pass-books.

3. The details of uncashed cheques were not inserted in the cash-book for
1911. This should invariably be done in order to enable the Registrar and the Audito
check the monthly closing balances thoroughly.

RECEIPT OF MONEY.

4. I am of opinion that the existing method of dealing with money received by
University is not satisfactory. I fear it is rather unsafe. At present money is
tendered to the Cashier, who receives the money and makes the necessary entries in
cash-book but gives no receipt for the money received by him. At the close of the
or on the day following the Accountant makes the necessary entries in his *own* cash
from the cash-book *of the Cashier* and then proceeds to prepare the necessary receip
the proper form in counterfoil. Consequently the Accountant's cash-book or at lea
receipt side is only a copy of the Cashier's cash-book. This is opposed to the fundam
rules regulating the management of Government Treasuries or Banks, and in this way
object of having two *independent officials* and *independent records* is entirely defe
I therefore venture to think that the present system should be changed and brought
line with the system obtaining in Government Treasuries. I would suggest the adop
of the following procedure :—

The University ought to have printed forms similar to the Treasury challans
appropriate columns.

Every remittance to the University should be accompanied by a form referre
above (which we may call *challan*) filled in *duplicate.*

The person paying the money will present the *challan* with cash to the Cas
the latter will receive the money, make the necessary entry in his
book and initial or sign both the *challans* and return the *challans* to
person paying the money ; the party paying the money will then pr
the *challan* to the Accountant, and the Accountant will then make
entries in his cash-book from the *challan,* initial both the copies an
them signed by the Registrar or the Assistant Registrar, as the case
be ; he will then return one copy of the *challan* to the person who
the money and the other copy he will carefully file.

This is a brief outline of the procedure and the details can be settled after discussion with the Registrar and his office staff. I do not think the change will involve any increase of work; on the other hand, all the transactions will be simultaneously and independently recorded by the Cashier and the Treasurer: and the persons making the remittance will receive the formal receipt *immediately*, which is absolutely necessary in the case of all cash transactions.

PAYMENT VOUCHERS.

5. Purely Vernacular Vouchers should not be accepted when such vouchers are presented: the parties should be required to give a brief abstract in English. This is really necessary for purposes of audit and efficient control by the Registrar.

OTHER DEFECTS.

6. The following defects were noticed by me in the course of audit:—

I.—Current Account.

(1) *Vouchers Nos. 9 and 43 — Pay-bills of temporary establishment.*—No sanction could be traced for this establishment. I would in this connection invite a reference to paragraph I (3) of my Audit Note, dated 24th August, 1911, and request that necessary action may kindly be taken.

(2) *Leave granted to Mr. C. Golak Nath.*—It is necessary to maintain a complete record of the services of each officer, otherwise no satisfactory check of the leave granted is possible.

(3) *Voucher No. 241 for Rs. 500 on account of expenses at Dehra Dun*—This is an extraordinary charge and under the spirit of paragraphs 12 and 13 cannot be passed in audit without the sanction of the Syndicate. Rs. 200 incurred on account of house-rent also requires the sanction of the Syndicate. The rules require *previous* sanction and this ought to have been obtained.

(4) *Voucher No. 264 for 12 annas.*—Such items should be paid out of the imprest for which it is clearly intended.

(5) There were numerous corrections in pencil in the bills for Examiners' fees. Corrections in bills should be avoided as far as possible and all absolutely necessary corrections should be made neatly and duly attested.

(6) *Voucher No. 71 for Rs. 32-14-0.—Railway fare from Bhakkar to Lahore* viâ *Multan.*—By the shortest route the railway fare comes to Rs. 28-1-0. The excess should have been disallowed as travelling allowance is admissible by the shortest route.

(7) *Voucher No. 61 for Rs. 500. Grant-in-aid.*—In this case receipt stamp was unnecessary as it was payment without consideration.

(8) *Voucher No. 86 for Rs. 230 for Mallet and Trowel for laying the Foundation Stone.*—This was an unusual charge and required the previous sanction of the Syndicate.

(9) *Vouchers No. 109 and 110 for Rs. 2,434-7-0 and Rs.* 60-2-0 being of a confidential nature were not produced for audit.

Oriental College.

7. (1) *Voucher No. 9.—Scholarships.*—The audit of scholarships is not satisfactory in the absence of original or duly authenticated sanction to the grant of scholarships. Although a separate register is kept in which the amount of each scholarship is recorded and the monthly payments noted, but the entries are not passed by a responsible officer of the University. I think a duly authenticated copy of the sanction should be filed with the register, so that the auditor may refer to the orders in each case while auditing the scholarships.

(2) *Voucher No. 10—Stipends.*—No separate register is maintained for the stipends. My remarks against "Scholarships" also apply to "Stipends"

Law College.

8. Two receipts for money received on account of the Law College have not been signed by the Registrar, nor delivered to the persons who paid the money.

Dated the 10th April 1912.

From—B. N. SEN, Esquire, Auditor, Panjab University, Lahore,

To—The Registrar, Panjab University, Lahore.

I HAVE the honour to report that I have audited the Accounts of the University the quarter ending 31st December, 1911.

2. As usual the following accounts came under my audit:—

I.—The Current Account.

II.—The Oriental College Account.

III.—The Law College Account.

IV.—The Special Endowed Trusts Account.

V.—The General Endowment Fund Account.

VI.—The Unendowed Special Subscriptions and Donations Account.

VII.—The Provident Fund Account

3. I have examined the cash-books of the various Accounts and also the pa books of the Floating Accounts with the Bank of Bengal, Lahore.

4. I have verified the cash balances shown in the several cash-books with th in the Bank's pass-books, taking into account the amounts of the cheques which mained uncashed at the end of each month during the quarter in question.

5. In the course of audit I detected the following errors and defects:—

I.—THE CURRENT ACCOUNT.

(1) *Voucher No.* 380 *for Rs* 295-7-0.—Rs. 20-5-0 charged on account of corresp dence by letters and telegrams as Head Examiners of Persian. A memo. of act expenses should be given, otherwise the charges cannot be properly checked.

(2) *Voucher No.* 442 *for Rs.* 15 *as minimum fee for Oral examination in Eng (Matriculation)*.—No minimum fee appears to have been fixed in the Regulations,—*v* paragraph 19.

(3) *Voucher No.* 434 (*a*) *for Rs.* 28-4-0.—Fees for examining 33 candidates at annas amount to Rs. 24-12-0 and not Rs. 28-4-0 as paid. There was an over-payment Rs. 2-8-0. This has since been recovered.

(4) *Voucher No.* 525 *for Rs.* 251-8-0.—Rs. 11 on account of expenditure incurred connection with the examination. No details given.

(5) *Voucher No.* 559 *for Rs.* 133-12-0.—Rs. 36 for Gyani, etc., papers and Rs 40 copying of two Entrance papers. No rates appear to have been fixed in the Regulation

(6) *Voucher No.* 629 *for Rs.* 53.—Double 2nd class fare from Rawalpindi to Mi wali and back, Rs. 32-4-0. The correct fare is Rs. 30-9-0. The excess should be explain

(7) In many cases payment was made without payees' receipts or stamped recei but they have all been since received. Payment without proper receipts should avoided as much as possible.

(8) Travelling expenses, etc, in connection with the move to Dehra Dun dur the summer of 1911—

(*a*) As pointed out in paragraph 3 of my previous Audit Note the expenditur this connection was of an extraordinary nature, and as no provision fo was made in the Budget Estimates of the University for 1911-12, it sho not have been incurred without the *previous* sanction of the Syndic under the spirit of paragraphs 12 and 13 of the Financial Rules of University.

(*b*) *Voucher No.* 521 *for Rs.* 82-12-0.—Double 1st class Railway fare to De Dun, Rs. 75-4-0; according to the N. W. R. Fare Table the correct far Rs. 62-14-0. Rs. 12-6-0 have therefore been paid in excess; simila Rs. 7-8-0 have been charged as 3rd class fare for a Chaprasi, whereas correct fare is Rs. 4-1-0; Rs. 3-7-0 have therefore been charged in exc

(*c*) *Voucher No.* 524 *for Rs.* 225-12-0.—Double 1st class fare from Lahore Dehra Dun and back for the Assistant Registrar and family.

(i) In the absence of detail it is not possible for me to check the amount. Under ordinary rules the Assistant Registrar was entitled to travelling allowance for himself only and not for the family also. Rupees 125-12-0, *i.e.*, Rs. 631-4-0 + Rs. 62-14-0, would therefore be the correct amount of travelling allowance and not Rs. 225-12-0.

NOTE.—It has since been explained to one that it was necessary for the Assistant Registrar to reserve a compartment in the interest of the University.

(ii) As the Assistant Registrar's pay does not exceed Rs. 500 he is, under the ordinary rules in the Civil Service Regulations, a 2nd Class officer and entitled to 2nd Class fares by rail. But I think he should be treated as a 1st Class officer, and there should be a rule to that effect in the University Regulations.

(d) *Voucher No* 522 *for Rs.* 147-12-2.—Travelling allowance of office establishment from Lahore to Dera Dun and back. Double Intermediate Class fare according to the Fare Table is Rs. 24, but Rs. 26-2-0 have been charged.

(e) *Voucher No.* 523 *for Rs.* 322-10-8.

I am of opinion that these allowances which are of an *exceptional character* should not have been paid without the previous and specific sanction of the Senate. The rules in the Punjab Hill Allowance Code under which these allowances have been granted apply only to a few specified offices in Lahore and the concessions were granted by Government of India, in consideration of special conditions prevailing in Simla, and don't think it can be urged that these conditions equally prevail in a cheaper place like Dehra Dun.

(9) *Voucher No.* 575 *for Rs.* 41-12-0.—Bill incomplete. Dates of journeys and halts not shown.

(10) *Voucher No.* 588 *for Rs.* 5.—Rupees 2-8-0 drawn as halting allowance for two days is inadmissible, as he did not halt at Jullundur; he arrived on 24th April and left on 25th.

(11) *Voucher No.* 589 *for Rs.* 65.—Double 2nd Class fare is Rs. 27-13-6 and not Rs. 29 as paid.

(12) *Voucher No.* 480 *for Rs.* 1,450 on account of bonus to the Office Establishment.—I understand this is a recognised expenditure, but I think it would be more correct to make separate provision for the bonus in the Budget: at present it is included in the charges for Examination, but separate provision is really desirable.

(13) The Current Account closed on 31st December, 1911, with a debit balance of Rs. 1,032-6-7. I am told this was due to a delay in the sale of a portion of the G. P. Notes held in the Bank of Bengal. The irregularity ought to have been avoided either by arranging for the sale in proper time or by stopping further payments until the sale was actually effected.

(14) *Voucher No.* 617 *for Rs.* 75.—Dates of journey not given.

PROVIDENT FUND ACCOUNT.

(15) *Voucher No.* 1 *for Rs.* 500.—Refunded out of the balance at credit of the depositor although he had not yet retired. This was contrary to rules,—*vide* paragraph 32 of the Regulations VI.-B.

SPECIAL ENDOWED TRUSTS ACCOUNT.

(16) *Voucher No.* 35 *for Rs.* 18-6-0.—McLeod-Kashmir Sanskrit Readership from 19th to 30th September 1911, at Rs. 91-14-0 a month; Alexandra Readership at Rs. 75 per mensem. One man held both the Readerships during September and October, 1911. I think this was irregular.

6. I would also take this opportunity to invite your attention to paragraphs 4 and 5 of my Audit Note for half year ending 30th September, 1911.

Dated 28th July 1912.

From—B. N. Sen, Esquire, Auditor, Panjab University, Lahore,

To—The Registrar, Panjab University, Lahore.

I have the honour to submit the following Report on the Audit of the Acco the Panjab University for the quarter ending 31st March, 1912.

2. As usual, all the various accounts of the University, mentioned in my p reports, came under my audit. I have examined the cash-books maintained for accounts and also the pass-books of the Floating Accounts with the Bank of Lahore.

3. The Cash Balances shown in the several cash-books agree with those in the Bank's pass-books, taking into account the amounts of the cheques whi mained uncashed on 31st March, 1912.

The balances of the several accounts in G. P. Notes held by the Bank of Lahore, on behalf of the University, have also been verified with the certificates Bank.

4. The following defects were noticed by me in the course of audit:—

I.—Current Account.

(1) *Voucher No.* 750 *for Rs.* 219-2-0.—Mr. Woolner's leave allowance. It w without a life certificate. The money was paid to a local Bank, but there is no from the Bank, nor do I think the Bank has executed any bond of indemnity.

(2) *Voucher No.* 755.—Library Establishment Bill. Abatement of income- been claimed on account of Life Insurance premium, but the fact of Abatement has n recorded in the premium receipt to prevent the possibility of a second claim on th receipt.

(3) *Voucher No.* 761 *for Rs.* 68-4-9.—Mr. Ghosh's subscription to the Pr Fund for December 1911, not recovered. This was done in the next month.

(4) *Voucher No.* 760 *for Rs.* 93.—Rupee 1 was realised in cash from Jamiat on account of Provident Fund, as it was omitted to be deducted from his pay bill. amount has again been drawn from the Current Account and credited to the Provider which has thus got a double credit at the expense of the Current Account.

(5) *Voucher No.* 909 *for R.* 34.—Payment order not signed by the Registra

(6) *Voucher No.* 952 *for Rs.* 206-0-2.—Amount of income-tax recovered fro Mukand Lal in January was Re 1-2-4, but in the Statement of Income-tax Re. 1-11 been shown, *i.e.*, Re. 0-8-8 have been charged in excess against the Current A This is reported to have been adjusted in the next remittance to the Treasury.

(7) *Voucher No.* 765 *for Rs.* 41-2-0.—Travelling allowance of M. Sibtain, A Superintendent, Intermediate Examination. The dates of halt at Amritsar and return journey not shown in the bills. It is the not understood how he has claime allowance for 17 days.

In addition to the daily allowance he has drawn carriage hire at Rs. 1-8-0 p for 15 days. Such claims are not ordinarily admissible under the rules of the Civil Regulations and should not have been allowed.

(8) *Voucher No.* 883 *for Rs.* 127.—Double 1st Class fare Rs. 102. By the route single 1st Class fare is Rs. 22-15-6 whereas Rs. 25-8-0 have been actually *viâ* Multan. The overcharge should not have been allowed.

(9) *Voucher No.* 884 *for Rs.* 166-8-0.—Double 1st Class fare to Delhi a Rs. 116-8-0. According to the Fare Tables the single fare comes to Rs. 27-1 Rs. 29-2-0 have been actually charged. Rs. 5-4-0 appear to have been charged in e

(10) *Voucher No.* 887 *for Rs.* 166-8-0— Ditto ditto.

(11) *Voucher No.* 888 *for Rs.* 127.—Same as objection No. (13) above.

(12) *Voucher No.* 895 *for Rs.* 38.—First Class return fare from Bahawal Lahore and back by the shorter route is Rs. 30-10-0, whereas railway fare by a long amounting to Rs. 34 has been allowed.

(13) *Voucher No.* 896 *for Rs.* 55.—Single First Class fare by the direct r Rs. 22-15-6, but Rs. 25-8-0 have been actually charged for the journeys both ways.

(14) *Voucher No.* 897 *for Rs.* 41-4-0.—First Class return fare from Delhi to Lahore and back is Rs. 37-2-0 and not Rs. 38 as charged.

(15) *Voucher No.* 962 *for Rs.* 33-12-0.—Mankiala to Lahore and back. Return ticket not taken.

(16) *Voucher No.* 969 *for Rs.* 41-11-0.—First Class return fare by the shorter route from Bahawalpur and back is Rs. 30-10-0; but Rs. 37-11-0 have been actually charged, *i.e.*, Rs. 7-1-0 in excess.

(17) Payees' receipts (stamped where necessary) were wanting in the following cases :—

(*a*) Voucher No. 830 for Rs. 22-8-0.

(*b*) Voucher No. 974 for Rs. 26-4-0.

(*c*) Voucher No. 976 for Rs. 20.

(*d*) Voucher No. 810 for Rs. 92-12-0.

(*e*) Voucher No. 930 for Rs. 5-9-10.

II.—THE ORIENTAL COLLEGE ACCOUNT.

(1) *Voucher No.* 149 *for Rs.* 154-6-0.—The cheque was drawn on 9th March, 1912, but the amount was not actually disbursed till June, 1912. Cheque should not have been drawn until the money was required for immediate disbursement.

(2) *Voucher No.* 118 *for Rs.* 20-15-6.—Provident Fund contributions on acconnt of Gurmuki Department. The pay of this establishment is charged to the "Special Endowed Trusts Account," but the "Provident Fund" contributions are debited to the "Oriental College Account." The arrangement is anomalous.

III.—PROVIDENT FUND ACCOUNT.

(1) A sum of Rs. 6 odd has been paid in excess to the heirs of the late Mr. Charles Golak Nath on account of his Provident Fund Deposit. This was due to an error in the calculation of interest in January, 1910. Interest should have been allowed on Rs. 870 and not on Rs. 1,140.

(2) The Provident Fund Account closed on 31st March, 1912, with a debit balance of Rs. 586-7-5. Steps should have been taken to avoid this; as I have already pointed out in my previous report, it is opposed to the general principles of accounts to close a year's account with a minus cash balance.

GOVERNMENT PROMISSORY NOTES HELD BY THE UNIVERSITY.

5. Rule 9 of the Financial Rules of the University regarding the sale of securities held in the name of the University is not generally observed, as G. P. Notes are often sold without the express order of the Senate. Possibly the rule does not apply to purely *temporary* investments. If this view is correct, the rule should be modified as at present there is no exception. It is also necessary to show in the accounts which are *permanent* and which are *temporary* investments; under the rule the former cannot be touched without the specific sanction of the Senate.

6. The statements showing the balances of the several accounts and the abstract of the current account are herewith appended.

REGISTRAR'S OFFICE, LAHORE: } B. N. SEN, Auditor. P. N. DUTT, Offg. Registrar.

Dated Lahore, the 23rd October, 1912.

From—B. N. SEN, Esquire, Auditor of Accounts, Panjab University, Lahore,

To—The Registrar, Panjab University, Lahore,

I HAVE the honour to submit the following note on the Audit of the Account University for the half year ending 30th September, 1912.

2. The following accounts were audited by me :—

I.—The Current Account.

II.—The Oriental College Account.

III.—The Law College Account.

IV.—The Special Endowed Trusts Account.

V.—The General Endowment Fund Account.

VI.—The Unendowed Special Subscriptions and Donations Account.

VII.—The Provident Fund Account.

3. I have examined the Cash Books of the various accounts and also the Books of the Floating Accounts with the Bank of Bengal, Lehore.

4. I have verified the cash balances shown in the several Cash Books with in the Bank's Pass Books, taking into account the amounts of the cheques which re uncashed at the end of each month during the period in question.

5. The following errors and defects were detected in the course of audit:—

I.—THE CURRENT ACCOUNT.

Cash Book.

The monthly accounts have not yet been passed by the Registrar and a men the Syndicate. The accounts should be duly passed regularly and punctually at the each month in accordance with the rules.

(2) The balance as per Bank's Pass Book on 31st July, 1912, was Rs. 69, but in the Cash Book it is shown to be Rs. 70,324-14-4. The Accountant has ex that the difference of Rs. 909-8-0 was due to an error in the Bank in having charg cheques, aggregating Rs. 909-8-0, in its accounts for July, 1912, instead of August Apparently the mistake was made by the University office in having charged the in its accounts for August, 1912, when they were actually issued in July.

(3) There are some corrections in the Cash Book which have not yet been by the Registrar or his Assistant.

(4) There are also some corrections in the counterfoils of receipts which h been attested.

(5) Rupees 30,000 received as Government grant for travelling allo Fellows and improvement of College education.—No separate account appears been maintained to show how much has actually been spent on this account a much still remains unspent. This money cannot apparently be used for ar purpose.

(6) *Voucher No. 8, Library Establishment Bill.*—A Chowkidar has bee tained, but there is no provision in the Budget.

A Farash on Rs. 8 is entertained instead of a Daftry on Rs. 10 as provided in the Budget.

(7) *Voucher No. 21—Law College Contingencies.*—Receipts for most of the items have been given by the Daftry. Vendors' receipts should be insisted on.

(8) Payees' receipts (stamped when necessary) are wanted for several items.

(9) *Voucher No. 69—Office Establishment Bill.*—Increments allowed to clerks should be supported by increment certificates showing (1) the date of last increment, (2) the date of the present increment, (3) rate of increment, and (4) leave taken during the last 12 months.

10. *Voucher No.* 140—Rs. 60-12-0 paid on account of life premium, but it has not been certified that the fact of abatement of Income Tax has been noted in the original receipt to prevent a second claim for the same premium.

(11) *Voucher No. 172—Provident Fund of the Law College Staff.*—Mr. K. C. Chatterji's salary for May, 1912, was not drawn in June 1912, but his own subscription for May was paid to his credit.

(12) *Voucher No.* 109—First Class return ticket from Bahawalpur to Lahore by the shorter route is Rs. 30-10-0 and not Rs. 34 as charged.

(13) *Voucher No.* 157.—Why not return ticket taken?

(14) *Voucher No.* 44.—Rs. 36 charged on account of wages of coolies engaged in oral examination. The charge is not understood.

(15) *Voucher No.* 50 *for Rs.* 49-7-3.—The nature of the charge of Rs. 25-8-0 not understood.

(16) *Voucher No.* 93 *for Rs.* 300-8-3.—Rs. 30-13-0 on account of Chemicals, etc. Receipt signed by a Government servant (Bishan Das) is not valid. Vendor's receipt ought to have been demanded.

(17) *Voucher No.* 94.—This is incomplete; receipts and details of Rs. 26-11-6 spent by Mr. Mercado wanting.

(18). *Voucher No.* 253 *for Rs.* 64-4-0.—No details given of the sum of Rs. 39-4-0 and claimed on account of travelling allowance.

(19) *Vouchers Nos.* 382-385.—Not prepared in the prescribed form.

(20) *Voucher No.* 149.—The bill is for Rs. 199-6-0, but Rs. 194-6-0 have been actually paid.

II.—ORIENTAL COLLEGE.

(21) *Voucher No.* 9 *for Rs.* 60—*Allowance for* 12 *months at Rs.* 5 *per mensem.*—Why not drawn monthly?

(22) *Vouchers Nos.* 10 *and* 18.—Why no pay drawn for M. Abdullah? If he is on leave, the nature and period of the leave granted, also the dates of commencement and expiry of the leave should have been stated in the bill.

Dated Lahore, 30th March, 1913.

From—B. N. SEN, Esquire, Auditor of Accounts, Panjab University, Lahore,

To—The Registrar, Panjab University, Lahore.

I HAVE the honour to submit the following report on the Audit of the Accounts of the University for the quarter ending 31st December, 1912.

As usual, the following accounts have been audited:—

I.—The Current Account.
II.—The Oriental College Account.
III.—The Law College Account.
IV.—The Provident Fund Account.
V.—The Special Endowed Trust Account.
VI.—The General Endowment Fund Account.
VII.—The Unendowed Special Subscriptions and Donations Account.

THE CASH BOOKS.

2. I have examined the Cash Books of the various Accounts and also the Pass Books of the Floating Accounts with the Pass Books of the Bank of Bengal, Lahore. The Cash Books appear to have been neatly kept, but the monthly accounts have not yet been passed by the Registrar, nor the instructions in paragraph 23 of the Financial Rules complied with. The balances at the end of each month have been duly verified with

those shown in the Bank Pass Books of the various accounts, taking into acc amounts of cheques which remained unpaid at the end of each month.

3. I would respectfully invite your attention to the suggestions made graphs 4 and 5 of my report on the Audit of the University Accounts for the ending 30th September, 1911.

4. The audit has not disclosed any serious errors or defects. The f defects of minor importance were noticed by me in the course of audit :—

CURRENT ACCOUNT.

(1) *Voucher No. 624 for Rs. 22.*—The charge is not understood.

(2) *Voucher No. 667, Rs. 32-12-0 paid to servants.*—

Rs. 25, allowance to the D. A.-V. College Clerk fo ing in the University Examination.—It is not stood at what rates these claims are made.

(3) *Voucher No. 741.—Library expenses incurred by Lala Mokand Lal, Rs. Rs. 2 charged for one Assistant (P. Jagan Nath), Rs. 6 also for Assistants.*—Th of the charge has not been explained, and it is also not known whether these University officials, and if not, for what particular work they were employed.

(4) In the following cases payees' receipts were wanting :—

(*a*) Voucher No. 587 for Rs. 1,250.

(*b*) Voucher No. 589 for Rs. 1,500.

(*c*) Voucher No. 652 for Rs. 124.

(*d*) Voucher No. 671 for Rs. 183-10-8.

(*e*) Voucher No. 705 for Rs. 179-4-0.

(*f*) Voucher No. 707 for Rs. 5.

(*g*) Voucher No. 741 for Rs. 40-8-6.

(*h*) Voucher No. 604 for Rs. 136-6-0 and Rs. 40.

Dated Lahore, 26th June 1913.

From—B. N. SEN, Esquire, Auditor, Panjab University, Lahore,
To—The Registrar, Panjab University, Lahore.

I HAVE the honour to submit the following report on the Audit of the Accounts University for the quarter ending 31st March, 1913.

2. As usual I have audited all the various accounts of the University ment my previous reports. I have also examined the Cash Books maintained for these accou the Pass Books of the floating accounts with the Bank of Bengal, Lahore.

3. The cash balances shown in the several Cash Books have been verified wit in the Bank Pass Books, taking into account the accounts of the cheques which r uncashed on 31st March, 1913.

The balances of the different accounts in G. P. Notes held by the Bank of Lahore, on behalf of the University have also been verified with the certificates of the

4. The following defects were noticed by me in the course of audit :—

I.—CURRENT ACCOUNT.

(1) A large number of receipts for money received by the University on 26th 1913, have not yet been delivered to the parties who paid the money.

(2) *Voucher No. 762 for Rs. 42-12-0.*—Month of journey not stated, nor Railway fares charged agree with those in the Fare tables.

(3) *Voucher No. 779 for Rs. 731-7-0.*—The original account (aggregate) of presented by the "Punjab Steam Press" for printing work done was Rs. 1,140-1 University actually cut it down to Rs. 731-7-0 and this amount was paid. This sh the Press is in the habit of presenting incorrect bills. If this be the case, it is, I thin considering whether the University should not transfer their patronage to a more re firm and thus avoid the risk of overpayments.

(4) *Voucher No. 847 for Re. 0-14-11.*—Payment order wrongly passed for Rs instead of Re. 0-14-11, although the correct amount has been paid.

(5) *Voucher No.* 953 *for Rs.* 132-14-0—*Mr. Rudra's bill for inspection of Colleges.*—It is shown that he drew Rs. 47-2-0 on 18th November 1912, but the cash book shows Rs. 41-7-0.

(6) *Voucher No.* 954 *for Rs.* 43-8-0.—Rs. 31 have been charged as mileage for 61 miles road journey at Re. 0-8-0 a mile. This is not admissible under the rules of the University: he is only entitled to *actual travelling expenses.* Enquiry should now be made as to the amount of his actual expenses and any amount paid in excess recovered.

(7) *Voucher No.* 961 *for Rs.* 4-5-5 (*gross amount Rs.* 509-5-5—*Rs.* 500 *advanced*).—The date on which the advance was made not stated. This should always be done and the No. of voucher should also be quoted. It would be more satisfactory if a separate account were kept, of all such advances in a simple form, so that the adjustment of the advances may be properly watched.

(8) *Voucher No.* 964 *for Rs.* 55-2-9.—Tonga hire has been charged for calling Mr. B. L. Batra on various occasions. It is stated that he was required in connection with the lighting of the University Hall; but if the work was given to him on contract, he should have himself paid the tonga hire and not the University.

(9) *Voucher No.* 969 *for Rs.* 92-13-0.—It appears from the Press bill that the total claim was reduced from Rs. 99-13-0 to Rs. 87-12-0 by the University Office, but the former amount has been actually paid.

(10) *Voucher No.* 973 *for Rs.* 1,982-2-0 *paid to the contractor for building the outhouses of the University.*—As contract was given for several buildings and payments were made to the contractor by instalments from time to time, a separate account of the contractor ought to have been kept.

(11) Payees' receipts, stamped where necessary, were not produced for several items,—*vide* Statement A attached.

II.—THE ORIENTAL COLLEGE.

Voucher No. 156 *for Rs.* 2,000 *paid for the encouragement of Vernacular liturature.*—There are no details of expenditure, nor the payees' receipts.

5. At present no separate records are kept in the office of the G. P. Notes held by the Bank of Bengal, Lahore. In my opinion, a register in a simple form should be maintained in order to watch the recovery of interest on these notes. At present we depend entirely on the Bank of Bengal, but provision should be made for an independent check by the University.

6. The statements showing the balances of the various accounts and the abstract of the transactions of the current account are herewith enclosed.

Statement A.

REGISTRAR'S OFFICE,
LAHORE:
The 24th June 1913.

B. N. SEN,
Auditor.

A. C. WOOLNER,
Registrar.

Dated Lahore, 10th October 1913.

From—B. N. SEN, Esquire, Auditor, University of the Panjab, Lahore,

To—The Registrar, University of the Panjab, Lahore.

I HAVE the honour to submit the following report on the audit of the accounts o University for the quarter ending 30th June, 1913.

As usual all the various accounts mentioned in my previous reports have been pletely audited.

2. I have examined the cash-books of all the accounts and also the pass-books c floating accounts with the Bank of Bengal, Lahore. The balances in the cash-books a end of each month have been verified with those shown in the Bank pass-books.

The most noticeable feature in the accounts for the quarter under report is the debit balance amounting to about Rs. 1,61,000, with which the current account fo quarter closed, and this has led to an unusual charge of Rs. 461-10-6 being the amou interest claimed by the Bank of Bengal on account of overdrawal of balance. The large ment of large sums of money on account of the value of a house and land acquired b University and the delay in receiving the special grant from Imperial revenues are m responsible for this unusual result.

The grant has not yet been received. Special steps should be taken to adjus minus balance.

3. The following defects of minor importance were noticed in the course of audit

THE CURRENT ACCOUNT.

(1) *Voucher No. 18 for Rs.* 97-4-6.—Travelling Allowance of Mr. Crosse, Insp of Schools, and his establishment—Rs. 20-4-0—charged on account of road mileage for t tablishment. As ministerial and menial officers are only entitled to "actual" expense defined in the Civil Service Regulations, limited to road mileage, the details of actu penses incurred by the officials on the journey in question should be called for, wi which the charge cannot be admitted in audit.

(2) *Voucher No. 72 for Rs.* 225-14-6.—Rs. 5-12-6 charged on account of expend in connection with the examination of History papers; no details furnished.

(3) *Voucher No. 122 for Rs.* 493.—The bill contains too many corrections.

(4) Payees' receipts are wanting for the items mentioned in a separate statement.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General Council has decided that it is necessary to press upon Indian students and others visiting England the desirability providing themselves, before their departure from India, with an authoritative certificate of identity, signed by head of the district in the case of residents of British India and by the Political Officer in that of residents of Na States. FINANCIAL COMMISSIONERS' OFFICE.

Order passed by the Hon'ble Mr. H. J. Maynard, Financial Commissioner, Punjab.

THE Financial Commissioner has had before him a case in which one ———————, Sub-Inspector of Excise, behaved with conspicuous zeal and courage in effecting a seizure of cocaine in the house of a notorious ruffian at Delhi. Violent resistance was offered to the raiding party, one of whom died of the wounds received. ——————— himself was wounded, and an entry commendatory of his pluck was made in his Character Roll.

2. In making the raid ——————— overlooked certain legal formalities. The information was not reduced to writing, and no Warrant authorizing a search after sunset was obtained. If the present Excise Act had been in force at that time, there would have been no need of these formalities.

3. Mr. Maynard would have regarded these technical irregularities as an altogether trifling matter, when weighed against the admirable service which ——————— rendered to the Excise administration, and he has no doubt at all that the courts would have taken a similar lenient view.

4. Unfortunately ——————— sought to conceal the technical breach of law by making up a false story to account for his presence inside the house in which he and his party were attached. The story which he told to the Sessions Judge was that he effected a seizure of cocaine in the street, and that a party of men then sallied from the house and dragged him into it, the rest of his party following in order to rescue him. Circumstantial evidence showed that this was untrue: and the Chief Court in dealing with the murder proceedings remarked that it was intended to conceal the fact that ——————— exceeded his duties as an Excise Officer.

5. Mr. Maynard is now confronted with the painful duty of marking his disapprobation of a false statement made before a Court of Law by an official who had distinguished himself, in the course of the same transaction, by exceptional zeal and courage. He desires that all Excise officials should understand clearly why it is necessary to punish a Sub-Inspector who is thus commended.

6. The practice of manufacturing evidence is widespread, and the Financial Commissioner is satisfied that many officials of the lower grades believe that it is justified, so long as the case, which is to be supported, is known to be a true one. Not only does this practice create in the Courts an atmosphere of suspicion fatal to the success of many prosecutions, but it is altogether demoralising to the men who follow it. It easily develops, as in the present case, into the falsification of facts in order to cover up a technical irregularity: and it may, and sometimes does, lend itself to even grosser and more criminal abuses.

7. ——————— will be degraded to the bottom of the 3rd grade of Sub-Inspectors, and transferred to an undesirable district.

8. Mr. Maynard calls upon all Excise officials to realise the paramount necessity of telling the truth, the whole truth and nothing but the truth: and assures them of sympathy and consideration in the inevitable errors of a hazardous occupation, when no attempt is made to conceal those errors by the falsification of facts.

By order,

1. The Senate considered the budget estimates of the several accounts of the University for the year 1914-15 (*vide* Appendix I) recommended by the Syndicate (Syndicate Proceedings March 20, 1914, paragraphs 1-3). Lala Shiv Dayal proposed that the bonus to the office establishment should be stopped; the motion was not seconded. Mr. Gopal Chand proposed and Mr. Dhanpat Rai seconded a motion that the item of hill expenses be omitted from the budget estimates of 1914-15 The Vice-Chancellor and the Registrar explained the arrangements made for completing the work connected with the examinations during the vacation. In support of the motion there spoke Mr. Durga Das; against the motion, Mr. Wathen and the Hon'ble Mr. Justice Johnstone; Rai Sahib Lala Ruchi Ram suggested that detailed information should be collected from other University offices as to the arrangements made by them for similar work: Mr. Fazl-i-Husain also spoke. On the motion being put to the vote there voted for 15, and 16 against. The motion was accordingly lost. Mr. Kanwar Sain proposed and Mr. Moti Sagar seconded a motion to restore to the estimates for the Law College an item of Rs. 300 for sports. Sir P. C. Chatterji, Mr. Haq Nawaz and Mr. Shiv Dayal spoke in support of this motion. Mr. Tydeman thought it was better that the students should provide for sports themselves; Mr. Wathen suggested that if this sports fee was raised to Re 1 and was found insufficient an application should then be made to the University for assistance. There voted for the motion 24, and 3 against: the motion was accordingly carried. Mr. Durga Das proposed, and Mr. Dhanpat Rai seconded, a motion that the budget provision for encouragement of Ayurvedic and Unani systems of medicine be raised to Rs. 3,000 from Rs. 1,800. Colonel Heard and Dr. Datta suggested that more information should be supplied about the work of these classes before the grant was increased. Sir P. C. Chatterji spoke in support of the motion and explained the particular circumstances which had discouraged the institutions to which these classes were attached from themselves, making an application for an increased grant. Mr. Durga Das explained that it was not the intention of this motion that because the money was provided in the budget that it would be necessarily paid unless the Syndicate was satisfied that it was required and would be properly expended.

2. The second proposal—

> that the list of oral examiners appointed by the Syndicate be approved (*vide* paragraphs 17 and 18 of the Syndicate Proceedings, dated the 6th March, 1914)

was carried (*vide* Appendix II).

3. The third proposal—

> that the recommendations of the Syndicate relating to the re-election of Professor Hemmy as a Member of the Court of Visitors of the Indian Institute be approved (*vide* paragraph 8 of the Syndicate Proceedings, dated the 6th February, 1914)

was accepted.

4. The 4th proposal—

> that the gift of Rs. 8,000 made by the Maler Kotla State for founding a medal and a scholarship be accepted (*vide* paragraph 13 of the Syndicate Proceedings, dated the 6th February 1914

was apppoved.

5. The 5th proposal—

> that the list of examiners for the Punjabi examinations appointed by the Syndicate be approved (*vide* paragraph 3 of the Syndicate Proceedings, dated the 6th March, 1914)

was carried (*vide* Appendix III).

The Senate, while approving the examiners, noted that the recommendations of the Board of Studies should not have been over-ruled without a previous reference to the Board concerned.

2. The following note on the working of the institution for the year ending 31st March 1914 was laid on the table:—

Munshi Mahbub Alam and Syed Mumtaz Ali were nominated by the Punjab Government as members of the Committee of the Library, the former in succession to Sir D. P. Masson and the latter as an additional member. Khan Sahib Sheikh Amir Ali, B.A., Additional District Judge, Lahore, and Mr. G. S. Chawla, M.A., Professor, Government College, Lahore, continued to represent the life members on the Committee during the year.

Twenty-two thousand and one hundred and thirty three volumes were read or referred to in the Library, and 7,740 taken out by subscribers and life members. The total number of books read or referred to in and out of the Library was 29,873.

Eighty-five annual subscribers and fourteen life members joined the Library during the year under report, and 79 subscribers, whose subscriptions expired during the year, did not renew them. The total number of subscribers on the 31st March was 262, and that of life members was 161.

One thousand one hundred and thirty-six volumes were added to the Library. Of these 466 were presentation copies (including 365 Reports and Blue Books) for which the thanks of the Committee are due to the Government of India, the Governments of the Punjab and North-West Frontier Province, Madras and Bombay, the Financial Commissioners, Punjab, the Secretary, Public Works Deparment, Punjab, the Director of Agricultural College, Pusa, the Director-General of the Archæological Department, the Director-General of the Geological Survey of India, the Registrar, Punjab University, Sir M. A. Stein, K.C.I.E., Mrs. S. A. Abbott and the Library of Congress of the United States.

The arrangement made under the orders of the Punjab Government to keep and make available to the public for inspection specifications of patents and designs registered in the country was renewed for another year. The specifications, which are available for consultation in a separate wing provided for the purpose, number 1,259.

The question of providing a new building for the Library is still under the consideration of Government. It appears from the reply received to a reference made to Government on the subject that the sites suggested by the Committee have not been found practicable and that negotiations are in progress for the acquisition of the present site of the Masonic Lodge. It is added that the site in question appears to be on the whole the best available, but the matter is not quite settled as yet.

The first volume of the revised edition of the Catalogue was published in July last. The cost of paper, printing and binding of 1,000 copies amounted to Rs. 1,475-8-0. The net cost per copy was Rs. 1-7-8. Sale price was fixed by the Committee at Rs. 1-8-0 per copy. The second volume is being seen through the Press.

The expenditure on the purchase of books and periodicals during the year amounted to Rs. 3,083-2-5 and Rs. 394-5-4 respectively. A sum of Rs. 323-5-6 was spent on book-binding.

The year 1913-14 began with a balance of Rs. 2,617-3-8, and the receipts during the year amounted to Rs. 8,782-6-1. The total outlay under various heads of expenditure was Rs. 9,498-5-8, and the year closed with a balance of Rs. 1,871-4-1. This amount includes a sum of Rs. 1,739-11-8 on account of the security deposits of subscribers.

The Committee met 8 times to transact current business. One meeting had to be adjourned for want of a quorum.

3. *Election of two members to represent the Life Members on the Committee for [the] year* 1914-15.—The members appointed last year were—

(1) Khan Sahib Amir Ali, B.A., Additional District Judge, Lahore.

(2) G. S. Chawla, Esq., M.A., Professor of Mathematics, Government Colle[ge], Lahore.

The members elected for the year 1914-15 are—

(1) G. S. Chawla, Esq., M.A., Lahore.

(2) Manohar Lal, Esq., M.A., Bar.-at-Law, Lahore.

4. *New building for the Library.*—With reference to the negotiations now in p[ro]gress as regards a new building for the Library, the following resolution was adopted :—

That in the opinion of this meeting the site *viz.* Masonic Lodge proposed for [the] new building of the Library is not quite suitable, being far from the city and t[he] educational institutions, and on that account not largely frequented by the Indi[an] public.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. **2831-42,** ***dated 8th December*** **1899.**

The Secretary of State for India has brought to the notice of the Government of India that it not infrequentl happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficult often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to thei country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

A. B. KETTLEWELL,

Offg. Chief Secretary to Government, Punjab.

5. Sardar Sundar Singh Ramgarhia.
6. Manohar Lal, Esq., M.A., Barrister-at-Law.
7. Rai Bahadur Kunj Behari Thapar, *Secretary.*

I. *Auditor's report on the Accounts and the Accounts for* 1913-14.—The Statement of Accounts for 1913-14 and the report of the Auditors thereon were considered and adopted (Appendices A and B).

II. *Budget Estimates of Receipts and Disbursements.*—The Budget Estimates of Receipts and Disbursements for the year 1914-15 were considered and adopted (Appendix C).

It was resolved that Government be approached with a request for a substantial special grant for the purchase of books and for raising the monthly grant to rupees five hundred per mensem.

It was further resolved that the Lahore Municipal Committee be asked to raise their monthly grant to two hundred rupees.

III. It was resolved that no whole-time servant of the Library should e in any trade or business.

IV. *The Stock-taking held in April* 1914.—The report on the stock-taking he April 1914 was read and ordered to be filed. It was stated that on account of the add to the Library during the past ten years it was not possible within the seven days allow each stock-taking to bring under revision every section of the Library at least once year. A Sub-Committee consisting of Rai Bahadur Bishen Das, Mr. Manohar Syed Mumtaz Ali, and the Secretary was appointed to report on this matter.

V. *Purchase of books.*—Lists of books proposed for purchase, drawn up b Secretary or suggested by subscribers and others and scrutinised by the special Sub-Comm were considered and passed after some additions and omissions

It was resolved that Mr. Manohar Lal be added to the special Sub-Committ which lists of books proposed for purchase are submitted for scrutiny before being before the Committee.

With reference to the remarks made by Mr. Woolner on the list considered at the ing, it was decided to note as follows :—

(*a*) That at the commencement of the year a Statement should be laid before Committee showing the amount assigned for the purchase of books roughly divided among the various sections.

(*b*) That the lists of books proposed for purchase should be classified under va heads prior to their circulation among the members of the Sub-Committe

(*c*) That a memo showing the amount assigned in the Budget for the purchas books, the amount already spent on various sections and the amount a able should accompany the lists proposed for purchase.

(*d*) That the lists submitted to the Sub-Committee consist of books selected by Secretary after perusing the various papers containing reviews, of book well-known and standard authors, selected from publishers' announcem and of books suggested by members, subscribers and others.

(*e*) That in the case of books on special subjects the lists are submitted to expert opinion, and the selection of such experts is made by the Committee.

(*f*) That every attempt is made to avoid reduplication or overlapping. Books w ought to find a place in the University Library and which for obv reasons are specially suited for that institution are not included in the It is impossible to make a hard-and-fast rule to the effect that the Pu Public Library should not order a book already in the University Libr because whilst the Punjab Public Library is open to all to whom University Library is not available the University Library is not open to public.

VI. The Committee did not see their way to reconsider their previous decision re grant of allowances to Lala Diwan Chand during the period of his leave, *viz.*, from 17th M to 16th June 1913.

VII. The Committee did not see the advisability of revising the resolution ado at their meeting held on 6th November 1903, to the effect that the text-books prescr for the various University examinations, should be lent out to Professors of Colleges and that the rule requiring the return of certain books within a fortnight should be stri enforced in the case of text books.

VIII. The Secretary laid before the Committee the following resolution adopted the meeting of the life members held on the 20th April 1914 :—

"That in the opinion of this meeting the site, *viz*, Masonic Lodge, proposed for the building of the Library is not quite suitable, being far from the city and the educati institutions, and on that account not largely frequented by the Indian public."

The Committee did not think any action necessary, and resolved that the resolu be filed.

IX. It was reported that during the month of April six annual subscribers and life members had joined the Library, and one subscriber did not renew his subscription.

APPENDIX A.

No. 55-14, dated Lahore, 1st May 1914.

From—BASANT RAM & SONS, Auditors of Accounts,

To—The Secretary, Punjab Public Library, Lahore.

DEAR SIR,

WE have checked the accounts of the Punjab Public Library for the year ending 31st March 1914, and have found them correct. We have seen that all the payments are properly supported by vouchers, which have now been cancelled after scrutiny.

We have also seen that various items of expenditure have been sanctioned by the Library Committee. In the following heads there is a slight increase over the Budget sanctioned :—

Head.		*Budget sanctioned.*			*Actual expenses.*			*Exceeded by.*		
		Rs.	As.	P.	Rs.	As.	P.	Rs	As.	P.
1. Peons' Uniforms	...	40	0	0	51	2	6	11	2	6
2. Book Binding	...	300	0	0	323	5	6	23	5	6
3. Purchase of books	...	3,000	0	0	3,083	2	7	83	2	7
4. Stationery ...	...	40	0	0	51	9	9	11	9	9

Besides the Budget a sum of Rs 100 has been paid on account of gratuity to Parma, peon, as per Committee's resolution No. 4, dated the 26th January 1914. We have looked into the Rules regarding the constitution of the Library, and we find that the same are not clear on the point. It would be better if the constitution is revised and the powers of the Committee defined as regards the control the Committee should exercise over the funds.

The special grant made by the Punjab Government for the year 1912-13, about which we referred in our last report, for the new "Patents and Designs" section was renewed for another year, that is, for 1913-14, and the expenses incurred in connection therewith have consequently been met therefrom. During the year the Punjab Government made a special grant of Rs 400 for the Commercial section. The amount spent in purchase of books for this section was Rs. 546-13-8, that is, Rs 146-13-8 have been spent in excess of the grant.

On the whole the total expenditure sanctioned by the Committee for expenses in the beginning of the year was Rs. 9,742-8-0, while the actual expenses during the period amount to Rs. 9,528-5-8, and so the total expenditure does not exceed the sanctioned Budget.

Under the head of "Receipts" the income was estimated at Rs 8,788-8-0, while the actual income has been Rs. 8,782-6-1.

Lastly, we beg to thank the Librarian for the help rendered to us in the course of audit.

Yours faithfully,

BASANT RAM AND SONS,

Auditors.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, d 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infreque happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to en them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that diffic often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a pass Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to t country and by students who, owing to embarrassed circumstances, are unable to complete their course of education

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General Council has decided that it is necessary to press upon Indian students and others visiting England the desirability providing themselves, before their departure from India, with an authoritative certificate of identity, signed by head of the district in the case of residents of British India and by the Political Officer in that of residents of Na States. For a student the certificate should be signed by the head of his last school or college and countersigned the District Officer.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

A. B. KETTLEWELL,

Offg. Chief Secretary to Government, Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, *dated* 8*th December* 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, *date* 8*th December* 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-43, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

A. B. KETTLEWELL,

Offg. Chief Secretary to Government, Punjab.

PROSPECTUS OF THE DASARA INDUSTRIAL AND AGRICULTURAL EXHIBITION, 1914.

Introductory.

WITH the sanction of the Government of His Highness the Maharaja of Mysore the Committee issue the following Prospectus in connection with the Exhibition of 1914.

Opening of the Exhibition.

2. This year the Exhibition opens on or about the 21st of September 1914 and will continue till the 5th October 1914, both days inclusive. The Cattle (local) and Poultry Shows and Weaving Competition will begin on Thursday, the 1st of October 1914, and close on Saturday, the 3rd.

The Wood Carving and Metal Work Competitions will begin on the 21st of September 1914 and continue till the 1st of October 1914. The Potters' and Ploughing Competitions commence on the 2nd and 3rd October 1914, respectively.

Object of the Exhibition.

3. The primary aim of the Committee is to impart to the Exhibition an educative character and to bring together articles, machinery and processes, the use of which it is desirable to bring to the notice of the raiyat, artizan and the manufacturer by actual demonstration. But as the Exhibition of a single specimen may not afford full information and may not be sufficiently attractive to the visiting public, articles intended for sale will also be admitted.

Sale Rooms and sale of exhibits.

4. Articles on a larger scale sent merely for sale will have to be kept in separate stalls and in charge of the exhibitors or their agents. There is no objection to the sale of actual exhibits; but they will not be allowed to be removed from the Exhibition Grounds till the termination of the Show. Articles admitted for purposes of sale alone may be removed after purchase. No article will be allowed to leave the Exhibition Grounds without a gate pass, which will be issued by the Cash Accountant on production of a cash bill or sale memo. as the case may be.

Those who desire special facilities for the sale of articles or demonstration of processes are requested to place themselves in communication with the Secretary to the Exhibition Committee at least two weeks before the opening of the Exhibition.

1. THE WEAVING COMPETITION.

In connection with the Exhibition of 1914 a competition in Weaving and its preparatory process will be held in the Exhibition premises, Mysore. The following rules regulating the competition are published for the information of the intending competitors.

Section I.

The competition will commence on Thursday, the 1st of October 1914, and will be continued for three days.

2. Weavers will be required to work for 7 hours a day, from 8 to 11. 30 A.M. and from 2 to 5. 30 P.M.

3. Any kind of hand-loom may be entered for the competition; but competition among weavers in each class will be among weavers working on the same kind of loom.

This rule does not affect giving loom prizes to any kind of loom that enters into any kind of competition.

4. No prizes or medals will be given to competitors in a certain class, when the number is less than 3. But all *boná-fide* weavers with a piron driver for helping each competitor, will be given their third class fare to and fro at concession rates or reasonable cart hire and an allowance of five annas per day for five days only, if they come and demonstrate any of the operations that are mentioned in the items for competition. Those that desire to utilize this opportunity for weaving extraordinary patterns will have to intimate to the Secretary at least 15 days before the Exhibition commences when the necessary arrangements will be made for the same. Weavers in Mysore City will get only their daily allowance.

5. A man that has once competed in weaving one kind of cloth and won a prize will not be allowed to compete in the same kind of cloth for three years to come, but such competitors may be allowed and given a special prize by the judges if they think that they competitor serves as a model to local weavers. This rule equally holds good in the case of awarding medals and prizes to the looms.

6. Competitors will be allowed to fix the warps on the looms beforehand and to weave a length not exceeding two yards before the competition commences.

7. Under Sub-Committees with the Chief Revenue Officer of the locality as President, competitions in any of the undermentioned tests will be held in the month of August in all the most important weaving centres of the Province. There must be at least three competitors in each of the tests. Two prizes of Rs. 10 and 7 will be awarded in each centre. The first of the competitor in each of the tests will be required to compete in Mysore at the time of Dasara.

8. A competitor can compete in any one of the following tests (*a* to *d*) :—

. The Manager of a factory or a school may send one or more weavers to compete for one or more tests.

The following are the tests for the competition of this year :—

Women's Section.

SYLLABUS 1914.

THE first aim of this section is to bring into touch with each other women, who, having themselves learnt the value of new occupations and interests, are anxious to hand on this knowledge to others. Plain or fancy needle-work, lace-making, basket-making, knitting, all these are occupations enjoyed by a large number of women and girls in India, but there remain a still large number who have neither seen nor heard about them. To interest these it is important to collect for exhibition the best that is done in all branches of women's work, and it is only the best in each section of the work that can be encouraged by the award of medals and prizes.

This is one of the most difficult things to impress upon intending exhibitors. It is not any kind of work that can be accepted. Certain groups are selected in the syllabus and only the really good work sent in under each group is likely to be admitted. To understand the importance of sending in only the best work, the following rules should be carefully studied and conscientiously carried out.

1. In needle-work the best materials that can be procured should alone be used : it is waste of time to put good work on to poor material which will neither wear nor wash.

2. One neatly stitched, well finished off exhibit is more likely to win a prize than a large bundle of carelessly done work ; no amount of trimming will improve a badly made article.

3. Moth-eaten, faded, torn or dirty work cannot be accepted.

4. Exhibits which have already won prizes in previous Exhibitions cannot compete. They will be accepted as "Loan Exhibits" or exhibited for sale if space permits.

5. No work will be accepted that does not come under one or other groups in the syllabus. *Space in the Exhibition being limited, there can be no exception to this rule.*

6. *None but genuine women or children's work will be allowed to compete for prizes in this section.*

With regard to this year's syllabus it was at first suggested that to appeal mor strongly to Indian ladies we should restrict the work to that of Indian use and design ; but since European needle-work is yearly becoming an important source of income to Indian women we felt the same object might better be served by making the classes more distinct and by increasing the prizes. Only lace machine work and crochet have been omitted from the syllabus and these not in the children's group.

It is hoped that the improved standard of last year's work will be maintained and that Indian ladies will contribute in far greater numbers than heretofore. We should also urge any ladies interested in children's work to make this Exhibition known as widely as possible as the number of exhibits sent in by children last year was most disappointing.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, *dated* 8*th December* 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, da e 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequentl happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enabl them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficult often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passpor Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to the country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General i Council has decided that it is necessary to press upon Indian students and others visiting England the desirability c providing themselves, before their departure from India, with an authoritative certificate of identity, signed by th head of the district in the case of residents of British India and by the Political Officer in that of residents of Nativ States. For a student the certificate should be signed by the head of his last school or college and countersigned b the District Officer.

A. B. KETTLEWELL,

Offg. Chief Secretary to Government. Punjab.

The Secretary of State for India has brought to the notice of the Government of India that it not infreque happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to en them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that diffic often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a pass Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to country and by students who, owing to embarrassed circumstances, are unable to complete their course of education

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-Genera Council has decided that it is necessary to press upon Indian students and others visiting England the desirabilit providing themselves, before their departure from India, with an authoritative certificate of identity, signed by head of the district in the case of residents of British India and by the Political Officer in that of residents of N States. For a student the certificate should be signed by the head of his last school or college and countersigne the District Officer.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, *date 8th December* 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequentl happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enabl them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficult often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passpor Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to the country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General i Council has decided that it is necessary to press upon Indian students and others visiting England the desirability o providing themselves, before their departure from India, with an authoritative certificate of identity, signed by th head of the district in the case of residents of British India and by the Political Officer in that of residents of Nativ States. For a student the certificate should be signed by the head of his last school or college and countersigned b the District Officer.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, date 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequent happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enab them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficult often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passpo Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to th country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General i Council has decided that it is necessary to press upon Indian students and others visiting England the desirability providing themselves, before their departure from India, with an authoritative certificate of identity, signed by th head of the district in the case of residents of British India and by the Political Officer in that of residents of Nati States. For a student the certificate should be signed by the head of his last school or college and countersigned b the District Officer

By order,

H. RAYNOR GOULDING,

Assistant Secretary to the Financial Commissioners, Punjab.

The 8th December 1914.

No. 226.—*Notification.*—The following executive orders regarding the grant of passes for the transport or export of opium from Kot Khái, etc., are published for information :—

Under the orders contained in Punjab Government, Commerce and Industry Department notification No. 1120, dated 19th November 1914, the acreage duty of Rs. 2 per acre hitherto imposed upon poppy cultivation in the Kot Khái Tahsil of the Simla District has been abolished and instead the quantitative duty of Rs. 2 per seer, which was levied on this opium in addition to the acreage duty, has been enhanced to Rs. 3 per seer. This enhancement has been effected in order to level up the taxation on opium locally produced with that imported from the Simla Hill States and thus remove the inducement to smuggling in Hill States opium and passing it off as that locally produced. It was also found that the warehouse hitherto opened at Kot Khái for the storage both of locally produced opium and that imported from Hill States did not in practice fulfil the purpose for which it was established and it has accordingly been decided to close it and not to establish one elsewhere.

2. It has become necessary, therefore, to see that all opium produced in the Kot Khái Tahsil is subjected to the taxation now imposed, the existence of smuggling of Hill States opium is also suspected. The Financial Commissioner is accordingly pleased to issue the following orders with a view to securing both the taxation of Kot Khái opium and the control and supervision of that imported from Hill States. One Sub-Inspector will be posted to Kot Khái and one to Kotgarh. It will be their duty—

(*i*) in the case of locally produced opium, to check from the Patwari's opium register the extent of the area under poppy, and they should endeavour to arrive at an approximate idea of the amount of opium which is likely to be produced. A licensed cultivator is permitted under his license to keep in his possession all opium produced from his cultivation and to dispose of it to licensed dealers. But the Sub-Inspectors should see that all such disposals of opium by a licensed cultivator are duly recorded on his license. No such opium can leave the limits of the tahsil except under a transport or export pass and on payment of the duty in force for the time being. All opium which it is intended to remove from the limits of the tahsil must be brought for weighment to the Sub-Inspector at Kot Khái or Kotgarh, as the case may be, and for grant of the necessary transport or export pass. The Sub-Inspector is empowered to grant such passes, but before doing so he should satisfy himself that the duty payable on the quantity of opium to be removed has been duly credited into the nearest treasury. He should grant the pass only on the production of the treasury receipt for the amount of duty payable. In the case of opium which is brought for weighment at a place where there is no treasury, or when the officer in charge of the treasury is absent, the Sub-Inspector shall grant a pass to Simla only, the Inspector at Simla being notified. In this case the opium must be produced at Simla within 7 days, the weight checked and the further pass necessary granted on production of the receipt of the Simla treasury.

(*ii*) in the case of opium imported from Hill States, the provisions of the Punjab opium Rules Nos. 39-41* are applicable and must be observed by the Sub-Inspectors at Kot Khái and Kotgarh. The Sub-Inspectors are, however, empowered, in addition to the Collector, to grant the import and transport passes referred to in those rules.

(The wording of the amendment is shown in Appendix V to the Syndicate Proceedi dated the 5th June, 1914.) An amendment was proposed by Lala Durga Das and secon by Maulvi Ahmad Din to omit the words "for degree examinations" and substitute the wo "two years" for "twelve months." On an explanation by the Registrar the mover seconder agreed to withdraw the second part of their amendment. The amendment for om ting the words "for degree examinations" was put to the vote and passed. The Syndica proposal as amended was then approved (*vide* Appendix V).

3. Read the 11th proposal—

11. That the recommendations of the Syndicate for amendments of the Regulations provi that the Course of Reading for the M. A. Examination should be extended over two y be approved (*vide* paragraphs 8 and 3 of the Syndicate Proceedings, dated the 5th J and 2nd October 1914, respectively).

(The wording of the amendments proposed by the Syndicate is given in Appendix III the Syndicate Proceedings, dated the 5th June, 1914.) Mr. Moti Sagar proposed Mr. Raghubar Dayal seconded an amendment that the words "in the case of certain subj to be notified by the Syndicate on the recommendation of the Boards of Studies concerned" omitted. This amendment was carried. Mr. Moti Sagar then proposed and Lala Devi Dyal conded an amendment substituting for the words "in each paper must take all six at the en his second year" the words "in any paper or papers must take up that paper or t papers and the remaining three at the end of his second year." This proposal led a lengthy discussion as to how the standard of a Third Class would be determined if amendment was carried, and the question was also raised whether a candidate who failed pass by the end of his second year would be required to appear in all six papers if he appe again. It was also remarked that the Boards of Studies were now considering fresh propo with regard to the percentages to be required for passing in the third and other cla Mr. Gately suggested that the Senate should approve of the general principles that the M Course be extended over two years, and that the examinations be divided into two parts, that the details should be settled later. Mr. Tek Chand proposed and Mr. Sain Das secon a motion that the whole question should be referred back for further consideration. As amendment to this motion, Mr. Tydeman proposed that the Senate should now discuss proposed amendment to Regulation 5. Mr. Tydeman's proposal was seconded Mr. Gately and carried by 16 votes to 10.

ingly discussed and there spoke also Mr. Martin, Mr. Gupta, Lala Hans Raj, Mr. Devi Dayal, Mr. Sheo Narain, Mr. Fazl-i-Husain and the Lord Bishop. Mr. Lucas then proposed an amendment to add the words "except in the case of those who have passed B. A. Honours in the subject which they take up for the M. A. Examination." This amendment having been seconded was put to the vote and carried by 16 to 12 votes. The proposal relating to Regulation 5 thus amended was then put to the vote. There voted for the amended proposal 17 and an equal number against it. The Vice-Chancellor gave his casting vote against the proposal. The position then was that the Senate having amended part of the Syndicate's proposal relating to Regulation 10 had, in connection with a discussion of a further amendment relating to Regulation 10, discussed and amended the addition to Regulation 5 and then rejected the amended proposal. The Hon'ble Mr. Shadi Lal thereupon proposed that the whole question be referred back to the Faculty for reconsideration. This proposal was carried.

4. The last two proposals were carried without discussion, *viz.*—

APPENDIX III.

Dated Lahore, the 9th November, 1913.

From—B. N. SEN, Esquire, Auditor, University of the Panjab Accounts,

To—The Registrar, University of the Panjab.

I HAVE the honour to submit the following report on the audit of the accounts of University for the quarter ending 30th September, 1913.

As usual, all the various accounts mentioned in my previous reports have been audited.

2. I have examined the cash-books maintained for the different accounts and the pass books of the floating accounts with the Bank of Bengal, Lahore. The balances the end of each month have been verified with those shown in the Bank pass books.

3. The current account for the quarter under report closed with a minus balance Rs. 1,93,477-13-9. I am informed steps have since been taken to adjust this by the of a portion of the Government Promissory Notes of the University in the custody of Bank of Bengal, Lahore.

4. The following defects were noticed in the course of audit:—

THE CURRENT ACCOUNT.

(1) *Voucher for Rs.* 10.—Bill not signed by the Professor of Chemistry, Governm College.
(2) *Voucher No.* 232.—Bill not signed by the Examiner.
(3) *Voucher No.* 264.—Rupees 15 paid to the Munshi of Mr. Shadi Mal. nature of the charge not stated.
(4) *Voucher No.* 528.—Rupee 1-12-0 on account of railway fare of servant. is inadmissible as *double* 2nd class fare has been allowed.
(5) *Voucher No.* 627.—Eight bills dating from February 12 have now been prese and paid. This is obviously open to objection. All claims should be prom made and settled. Such arrear claims should not be accepted witho satisfactory explanation of the delay.
(6) *Voucher No.* 631.—Travelling allowance bill of Mr. Tydeman. No details gi and in the absence of details the bill could not be audited. Such incomp bills should never be accepted.

THE ORIENTAL COLLEGE.

(7) *Voucher No.* 24 *for Rs.* 9.—Payment order not passed by the Registrar.
(8) *Voucher No.* 37 *for Rs.* 200.—Payment order not passed by the Registrar.
(9) Payees' receipts are wanting for the items shown in a separate statement (s received).

Dated Lahore, the 1st May, 1914.

From—B. N. SEN, Esquire, Auditor, University of the Panjab Accounts,

To—The Registrar, University of the Panjab.

I HAVE the honour to submit the following report on the audit of the accounts of University for the half-year ending 31st March, 1914.

2. At a meeting of the Board of Accounts held in December, 1913, it was dec that instead of quarterly or half-yearly audit hitherto conducted under Regulation 18, Cha 15, the accounts should be audited monthly, and that the Registrar should be furnished "

a memo. by the auditor of all matters to which he made objection. In this way some small matters of adjustment could easily be effected without delay." It was also decided that the auditor should submit a report half-yearly, *i.e.*, for half-years ending 30th September and 31st March, respectively.

The Syndicate and also the Senate have approved of the suggestions made by the Board of Accounts, and the audit during the half-year under report was conducted under the new system.

3. I have accordingly excluded from this report matters of minor importance which have either been noted by the office for future guidance or otherwise settled.

4. As usual, all the various accounts of the University mentioned in my previous reports have been audited. I have also examined all the cash-books maintained for the different accounts and also the pass books of the floating accounts with the Lahore Branch of the Bank of Bengal. The cash balances shown in the cash-books have been duly verified with those shown in the Bank pass books.

The balances of the different accounts in Government Promissory Notes on 31st March, 1914, held by the Bank of Bengal, Lahore, have also been checked with the certificates of the Bank.

5. I noticed the following defects in the course of my audit :—

I.—THE CURRENT ACCOUNT.

1. *Voucher No.* 703.—No details were furnished for the sum of Rs. 56 included in the bill.

The actuals were given.

2. *Voucher No.* 844 *for Rs.* 380 *on account of subscription to the Provident Fund.*—The correct amount payable was Rs. 300, but owing to mistake in the total Rs. 380 were actually paid. This mistake was, however, afterwards discovered by the office and the accounts corrected.

3. *Voucher No.* 952 *for Rs.* 125-13-0.—Travelling allowance bill of Mr. Moti Sagar. He promised to refund a sum of Rs. 15-6-0. It is not known whether he has yet refunded.

Mr. Moti Sagar has been written to.

4. *Voucher No.* 1219.—Bills for electric supply. Not countersigned by the Electric Engineer. It is absolutely necessary that some check should be exercised on these bills either by the Electric Engineer or the University in order to prevent the possibility of double payment or over-payment.

We check from the date of the payment the last bill.

It would be satisfactory if the Electric Engineer would undertake to countersign these bills regularly.

The existing check exercised by the University Office by means of the ledger is far from satisfactory. The charges fluctuate considerably from month to month, and consequently the entries in the ledger will not enable anyone to detect a double or over-payment.

I would also propose that in the case of payments on account of printing charges an additional check may be introduced. All payments should be recorded in the register of orders against the orders concerned A separate column may be opened in the register for this purpose, and in this column only the date on which the bill is passed need be entered. All orders should be serially numbered and the press should be asked to quote the number of the orders in their bills, and no payment should be made without referring to the order register.

Noted.

This is done.

5. Payee's receipts stamped, where necessary, are wanting for the payments shown in statement A.

6. The statements showing the balances of the varions accounts and the abstracts of transactions for the year 1913-14 are herewith submitted.
